

A community project of Love!

*Clinica Luz Del Mundo /
Light of the World Clinic, Inc.
(a 501c3 organization)*

was established in 1989

by Dr. Erwin M. Vasquez, MD
and other community leaders.

The clinic provides essential
Healthcare and preventative
medical services to the
disadvantaged and minority
population in Broward County

The clinic has focused its services
on children and their families who are
generally without insurance
or financial resources to obtain the
proper healthcare. In any given year,
the clinic serves anywhere
from 10,000 to 12,000
disadvantaged indigent and
medically underserved men,
women and children
in Broward County.
This is accomplished
by our volunteer doctors,
specialists and medical professionals.

Who are our clientele?

The clinic serves the disadvantaged
at-risk indigent immigrant
population; namely, the burgeoning
Hispanic community who speak little
or no English, the Creole speaking
community who receive little or no
healthcare due to cultural barriers,
and other minorities who lack
medical treatment in their native
language for fear and socio-economic status.

How we carry out the mission?

The clinic reaches out to residential
areas where there are minority
at-risk residents and provides them monthly,
quarterly and annual community-based
health screenings and quality health care
services in a sensitive and cultural manner
without regard to ethnic origin or ability to pay.

What are we accomplishing?

By providing free medical services to
the underserved and at-risk indigent
community, the clinic provides early
medical intervention to minorities
by treating them and stabilizing
their hypertension, diabetes,
coronary disease, obesity and
other widespread diseases.

Operating five days a week, the clinic
provides a full range of medical services:

- *Cardiology*
- *Dermatology*
- *Diabetic Counseling*
- *General Medicine*
- *Gynecology*
- *Internal Medicine*
- *Registered Dietician*
- *Pediatric ARNPs*
- *Physical Therapist*
- *Mammography*
- *Ultrasound*
- *Laboratory Services*
- *Back to School Exams
& Immunizations*
- *Healthy Hearts/
Healthy Lifestyles Program*
- *Lupus Support Group*
- *Social Service Outreach and
Spiritual Support***

**Through locally faith-based programs in
English, Spanish & Creole.
